Alumni BearTalks

Alumni BearTalks are a series of informal conversations from some of our brightest bears. Alumni from all over the country and diverse disciplines share their Mercer memories and words of wisdom to current Mercerians. Previous episodes can be seen on the D&I YouTube channel.

Events

The Office of Diversity and Inclusion hosts a multitude of events throughout the year including co-hosting MLK Living the Dream March/Program in January, Diversity Day in April, Multicultural Mixer in August, International Day in September and J.E.D.I. Week in October.

Diversity & Inclusion Council

A diversity and inclusion (D&I) advisory council is a group of faculty, staff and students that acts on behalf of the University to jumpstart and manage the diversity and inclusion process. The mission of the Council is to foster a campus environment that attracts the best talent, values diversity of life experiences and perspectives and encourages inclusion in the pursuit of the University's mission.

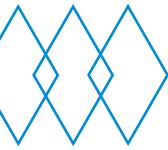

Ambassadors & Fellows

Ambassadors and Fellows serve as advocates and agents of change in addressing broad issues of diversity and inclusion for undergraduate, graduate and professional students on each of the Mercer campuses. The overarching goal is to cultivate a community of like-minded students who desire to shape the current conversations about higher education around issues of diversity, equity, justice, access and inclusiveness.

Diversity & Inclusion Excellence Awards

The annual Diversity and Inclusion Excellence Awards recognize students, faculty, staff and student organizations that exemplify inclusive excellence to the Mercerian community at the Student Affairs Leadership Awards.

Social Justice Book Club

Started by Dr. Ansley Booker, Director of Diversity and Inclusion Initiatives, and Dr. Carol Bokros, Director of Pre-Health Professional Programs, the Mercer University Social Justice Book Club provides the opportunity for faculty, staff and students to come together on common ground to discuss different books and movies bimonthly. Each book or movie will allow the group to discuss the culture and history of the United States and explore ideas of racism, discrimination, bias and social justice.
